Technology

Internet access and computer use in schools. A lower number indicates greater student access.

Career / Tech Education

Business/Industry Certification (BIC) is a means of assisting career/technical education programs to improve by setting standards against which all programs can measure progress. The goal is for all programs to remain in compliance with business/industry standards. The number indicates the percentage of programs that remain in compliance. The letter grade measures whether or not these programs are on track to meet that goal.

Percent of High School Students Enrolled in Career / Tech Classes

This is the percentage of students in Grades 9-12 who are enrolled in career and technical education coursework as compared to the overall student population in Grades 9-12.
